

G. SCOTT GRIFFIN AWARD GUIDELINES

Scott Griffin was a true multi-disciplinary, multi-media artist. Throughout his professional career, Scott was recognized for his accomplishments in musical composition, multi-instrumental performance, photography, videography, digital enhancement of art and cinematography. Because of these achievements, few people recognized that Scott had to overcome adversity in the performance of his art, even in his prime. From his childhood, Scott coped with a visual handicap, which would have been reason enough for most talented artists to cease performing. Rather than giving up his artistic dreams, Scott invited his audiences to join him on a journey of discovery and beauty that was possible through the lens of his camera and his varied canvases. His legendary music enchanted listeners because he played from the heart and not by sight. To honor Scott's memory, his family and friends have created an annual award to recognize a local artist, in any media, who has overcome adversity to make a contribution to the community in the execution of his or her art.

DEADLINE FOR APPLICATIONS is October 9th, 2023 at 5:00 p.m. To apply, log into the [scholarship portal](#). **Winners are not eligible to reapply.**
