

Early Childhood Education Initiative

A fund of Community Foundation of North Louisiana

Scholarships available for children ages 0-3 to attend early childhood centers!

All children, regardless of income level, deserve equal access to quality early childhood education.

Studies show access to quality early education helps prepare young children for kindergarten and ensure they have a better chance of graduating from high school and not repeating grades.

CFNLA raised \$2 million to provide scholarships for up to 200 Caddo Parish children ages 0-3 to attend early childhood education centers.

1
